DEFENCE DISCOVERY ENTRY

August 27th, 2020

COVER LETTER, accompanying the attached 26USC6203.

This is a notice that all past documents, and future documents, sent to the IRS, and the United States, by the signed, as associated with any taxing issue, have been done under fear of incarceration, financial ruin, and along with fear of public social criticism, and possess no true consent, even though they are, or were, signed under penalties of perjury. The attached document is done in hopes that the IRS will follow the law and assess as the law requires so that no false filings, or unwarranted payments be unnecessarily made to the IRS for the above stated reasons. I assert that the United States agents, or it's collecting service agents, have no authority to demand any filing, or any signing, of any document, especially one under penalties of perjury, under duress, especially upon a man protected by the 'Bill of Rights' of the year of 1791, as enumerated in the 5th Amendment* of the 'Constitution for the United States of America'.

***5th Amendment** - "No person shall be held to answer for a capital, or otherwise infamous crime, unless on a presentment or indictment of a grand jury, except in cases arising in the land or naval forces, or in the militia, when in actual service in time of war or public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb; **nor shall be compelled in any criminal case to be a witness against himself**, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use, without just compensation."

RE: Proposed Individual Income Tax Assessments for Tax Year 2016. I am using this 6302 form as a tool for correct data on my the 1040 filing.

TO whom it may concern,

I am reaching out to your IRS department to help me to be correct in my computations on the 1040 return form for this past year. My tax preparer and I both will rely heavily on your computations for correctness, understanding miscalculations can cause your office to question the accuracy of the 1040 forms submitted. I am not qualified to determine the correctness of said 1040 forms or if I am a person subject, eligible, or qualified, to having the duty to file, or pay, a tax to the United States. So in order for me to have a better understanding of how the IRS prepared the computations, I would appreciate it if the person reading this letter would have a designated IRS Assesment Officer send me a certified assessment and a copy of the supporting record used to make the assessments pursuant to Internal Revenue Code 6203 (26 usc 6203) for the tax year 2016.

Upon receiving the assessments from the Assessment Officer, I plan on having the assessments verified by a local accounting firm. Once the accounting firm has verified the assessments, I will contact your IRS office and make the necessary arrangements to pay the assessments for the tax year 2016. I would appreciate a response to this letter as soon as possible so these assessments can be dealt with and avoid the necessity, if any, for the IRS starting any actions against me. Thank You

Sincerely,

Thomas W. Hird

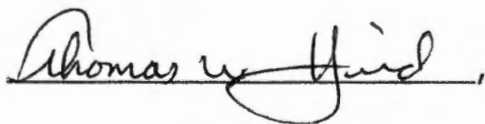

(I, Paul John Hansen, Omaha, Nebraska, Lawyer, recommend that you send this document one time, each year, that any IRS agent claims you have a duty to file any 1040 Form, or have money due and owing to the United States for any tax. And keep a copy, or a duplicate original, in safe keeping, as your proof of no intent to violate any filing requirements, payment requirements, or any laws, of the United States. If you wish I can save a copy of this for an additional, second location, for safe keeping at no cost if you wish. Try and use the same format each year, I have clients that have these archived for over twenty years without interruption by the IRS.) (Hansen's template version 2000) P.S. This is excellent evidence before all US courts that you have no wish to self-assess or be associated with any act of failure to file, or tax evasion. I, a lawyer, have personally used this exact form for over 20 years, along with hundreds of my clients, all without one prosecution by any IRS agent, or United States officer. The document operates 'as a matter of law'.
